# Grand Forks - East Grand Forks DOWNTOWN TRANSPORTATION STUDY

GONE VIRTUAL

## WHY THIS STUDY?

Downtown Grand Forks and East Grand Forks must balance vehicles, freight, transit, bicyclists, pedestrians, taxis and ride-hailing, and parking. This transportation study will focus on developing an integrated, connected, and context-sensitive multimodal network to support vibrant and resilient downtowns.

## WHY THIS MEETING?

Downtown Grand Forks and East Grand Forks traffic contains many different users vying for the same space. Earlier we heard the communities' thoughts on the downtown transportation issues and opportunities. The project team used that feedback and developed and analyzed nearly 40 different solutions to improve the downtown transportation spaces for drivers, walkers, bikers, and transit riders. Now, we want to hear your thoughts on which solutions should be prioritized for implementation.

## HOW CAN I GET INVOLVED?

Due to COVID-19, this meeting will be held entirely virtually on the project website:

[www.dtforksmobility.com](http://www.dtforksmobility.com).

On the website you'll be able to:

- Review project documents completed so far.
- Watch video summaries of the issues and alternatives.
- Provide comments on the alternatives using a map-based survey.

You can also send comments directly to:

Bethany Brandt-Sargent, Engagement Coordinator  
728 East Beaton Drive  
West Fargo, ND 58078

Or send an email to

[Bethany.brandt-sargent@kljeng.com](mailto:Bethany.brandt-sargent@kljeng.com) with  
"Downtown Transportation Study" in the subject line.

Information regarding the Downtown Transportation Study can be found on the project's website:
